

Hi, Im Dharanish

Full Stack-Developer

About Me

At Research Gate, I support the research community and facilitate knowledge sharing as a Computer Professional. I use my IT service management skills to develop and maintain various IT systems and solutions that enable researchers to access, share, and collaborate on scientific information and data. I also apply my analytical skills to troubleshoot and resolve any IT-related issues and ensure optimal performance and user satisfaction.

Projects

E-commerce Website.

E-commerce website: Create an e-commerce website for a specific product, such as automotive parts or used furniture.

E-commerce is a powerful means to connect the unconnected to global trade. E-commerce is not an industry; e-commerce is a tactic. Communications is at the heart of e-commerce and community.
